

No Indictment Against Arbuckle

Grand Jury Refuses Indictment On Grounds Of Insufficient Evidence

San Francisco Jury Declines To Indict Fatty Arbuckle Until Prosecutor Gets More Evidence Of Murder Of Virginia Rappe. Defense Bares Plans

San Francisco, Cal., Sept. 13.—Charges that one of the State's star witnesses changed her testimony and that another had disappeared were made today by District Attorney Brady when the San Francisco grand jury refused to indict Roscoe Arbuckle for the murder of Miss Virginia Rappe until disputed points in evidence introduced have been cleared up.

After a six-hour session, the grand jury adjourned early today to give District Attorney Brady time to secure more evidence.

Coroner's Jury Called.

Brady is going ahead with the prosecution. The coroner's jury was called to meet here at 10 o'clock this morning to hear Mrs. Maude Delmonte, who alleges Arbuckle assaulted Miss Rappe during a "wild party" in his hotel suite, and inflicted injuries from which she died.

Despite the delay in seeking grand jury indictment the murder charge against Arbuckle, sworn to by Mrs. Delmonte, still stands, and Arbuckle can be brought to trial even if the grand jury refuses to return an indictment.

The defense today showed its hand for the first time to the extent of revealing an outline of the defense planned. This includes three probable points:

First: That Arbuckle did not criminally attack Miss Rappe.

Second: That he did not take her into his bedroom against her will and that whatever occurred took place with her full consent, and without the use of force.

Third: No act of Arbuckle's caused as a result the girl's death and that death was due to improper diagnosis and improper medical treatment.

Brady Marshalling Forces

District Attorney Brady announced today he was gathering new evidence against Arbuckle, and would lay the case before the county grand jury for the second time within a few days.

"Our case is still being built up," he said. "We are on the trail of new evidence which will strengthen it greatly. It is understood some of the new evidence is expected to come from Los Angeles, where the Public Morals Committee is said to be investigating alleged parties in the

WAR DECLARED AGAINST FAST FILM STARS

High Speed Life In The Movie Colony Reflects On Ernest Few.

Los Angeles, Cal., Sept. 13.—Was declared today on the "small busy minority" of the motion picture colony, which "drives high speed motor cars, to high speed drinking places" and thus supplies material for gossip and scandal reflecting on the great army of "well behaved, honest, sincere, generous and kindly people," Benjamin Hampton, former magazine publisher and picture play writer declared. Hampton acted as spokesman for the reform element in the movie colony.

Hollywood motion picture colony.

Films Barred

New York, N. Y., Sept. 13.—Comedy films starring "Fatty" Arbuckle continue to be thrown in the discard throughout the country today.

While the New York State Censor board declared itself powerless to act, individual theatre operators united to bar the pictures here.

Mayor Moore of Philadelphia, directed the Public Safety Commission to prohibit the showing of films starring Arbuckle on the grounds they would offend the public morals.

UNEMPLOYMENT CONGRESS MAY START NEXT WEEK

American Legion To Bombard Meeting With Job Demands

Washington, D. C., Sept. 13.—Secretary of Commerce Hoover will return to Washington tomorrow from a conference with President Harding with complete plans for the coming unemployment Congress, which probably will assemble in Washington within the next week.

Legion Demands Action.

The American Legion plans to bombard the coming unemployment conference with demands that work be found for jobless veterans. Between 600,000 and 700,000 veterans are out of work, according to a survey just made by the Legion.

Pennsylvania is reported to have 150,000 unemployed former service men.

WEATHER: UNSETTLED.

But that will not interfere with the football practice of the Junior High "Bearcats," as the accompanying "batle stride" denotes.

Arbuckle

ROS COE ARBUCKLE

WIFE TO STAND

BY ARBUCKLE

New York, N. Y., Sept. 13.—Minta Durfee, former movie star and wife of Roscoe Arbuckle, issued a statement today as she was preparing to leave for San Francisco. She declared her determination to "stick by him" to the finish.

Mrs. Arbuckle, who has not appeared in the films for two years, said they had separated by mutual agreement but that no court action was ever contemplated, and that past differences are forgotten now.

AGED PITTSBURGH MAN SHOTS WIFE AND KILLS SELF

Couple Found Clashed Arm In Arm With Bullet Wounds In Heads.

Pittsburg, Sept. 13.—The bodies of Matthew Miller, aged 60, and his wife, Julia, aged 55, were found, each bearing bullet wounds, in a room at the Exchange hotel, Fourth avenue and Market street, early today.

The shooting, which is thought to have been done by Miller, is believed to have occurred about 2 p. m. yesterday. The bodies were not found until this morning. Miller had two bullet wounds in his forehead, while his wife had four, two in the right cheek and two in the left.

An address on a piece of paper found on the dead man led police to believe they had resided on the South Side. They are said to have been separated. A reconciliation was effected yesterday, police were told, and the pair went to the hotel together and

Victim of Arbuckle Party

Miss Virginia Rappe, movie actress, who died during a wild party in the apartment of Roscoe (Fatty) Arbuckle, in a San Francisco hotel. Arbuckle is held on a charge of murder in connection with the tragedy.

Tax Dodgers Cost Uncle Sam Billion Each Year

Tax Free Securities Are Listed As Aid To Tax Dodgers. Other Reports Listed.

By L. C. MARTIN
United Press Correspondent
Washington, D. C., Sept. 13.—Tax

dodgers are getting away with more than one billion dollars every year that ought to go into Uncle Sam's treasury. That's one of the reasons that Treasury officials and members of Congress admit the rest of the American people must be called upon to bear a heavy tax burden.

It is also one of the reasons Congress proposes to make certain changes in the tax laws.

If Uncle Sam could collect every year what he loses through tax free securities he would have to levy from \$700,000,000 to \$1,000,000,000 less in taxes on other things.

Great Aid to Dodgers

Officials agree that these tax free securities are of great aid to rich tax dodgers. Here are some of the others:

First: Tax grafting and stealing, laid mostly at the door of the small men at who fails to turn in the one id two cent tax on candy, ice cream and such sales. Some have even been found inventing new taxes.

(Continued On Page Six.)

SEPTEMBER 13, 1814—THE STAR SPANGLED BANNER

During the bombardment of Fort M'Henry by the British in the War of 1812, Francis Scott Key, on September 13, 1814, composed "The Star Spangled Banner" aboard a vessel rocked by the cannonade. Sing it to-day!

"Oh, say, can you see
By the dawn's early light,
What so proudly we hail'd
At the twilight's last gleaming,
Whose broad stripes and bright stars
Through the perilous fight,
O'er the ramparts we watch'd
Were so gallantly streaming.
And the rocket's red glare,
The bombs bursting in air,
Gave proof through the night
That our flag was still there:
Oh, say, does that Star
Spangled Banner yet wave?
O'er the land of the free
And the home of the brave!"
Long live the United States of America!

Second Week Of Civil Court Opens Monday

COMMERCIAL CLUB PLANS WINTER WORK PROGRAM

Membership Lists To Be Pruned For "Deadwood" And Organization Will Get Busy.

Determination on the part of the members of the Clearfield Commercial Club to keep their organization in the ranks of the "five ones" resulted last night in the adoption of a resolution to take steps to eliminate the "deadwood" from the membership rolls. From now on every member of the organization will be expected to take an active interest in the business affairs of the organization, which has as its object the betterment of civic conditions in Clearfield.

Thirty-five members and their guests attended the bi-weekly luncheon at the Jordan last night. Prior to the luncheon the Board of Directors met and passed a resolution later read before the Club, to defer action on the enlargement of the membership rolls until after the next meeting.

Urging Placing of Street Signs

Among other recommendations made before the Commercial Club's night was that of placing street signs at all street intersections. It was pointed out that Clearfield is probably the only town of its size in Pennsylvania which does not boast of at least one street properly marked so that strangers might locate it without the usual line of intensive questioning.

At last night's meeting it was proposed by President G. A. Stewart that a work program for the coming year be mapped out within the next few weeks, and the Commercial Club buckle down to business and accomplish some real civic betterment. Along these lines each member has been requested to write down at least one suggestion that might be acted on by the club as an organization and submit it at the next meeting. From the list of suggestions thus secured the winter work program will be compiled. Matters of civic interest only will be considered.

Meet Next Monday Night

The next regular meeting of the Commercial Club, to be held Monday night, September 19th, will be in the nature of a "Booster Meeting". The entertainment committee have made special arrangements for a first class program for the occasion and President Stewart announced today the Attorney A. H. Woodward would address the club on "The Proposed New State Constitution As it Affects Business."

It is expected a 100 per cent attendance will be recorded.

Try a Progress want ad.

FIREMEN'S FROLIC REHEARSALS NOW IN FULL SWING

Rehearsals are being held nightly for the Big Minstrel and Musical Comedy which will be presented by Clearfield's best talent under the direction of Chas. A. Woodin, under the auspices of Clearfield Fire Co., No. 1. Mr. Woodin assures that the people of this vicinity will have a rare treat when the curtain rises at the Driggs Theatre, Sept. 20 and 21. A special costumer will arrive from N. Y. Also special scenery is carried for this production.

This promises to be one of the best amateur production ever staged in Clearfield—and for a good cause—the Firemen.

Damage Suit Brot Against N. Y. C. First Case Up Before Court

SLANDER CASE VERDICT \$10

The second week of September civil court opened Monday morning with Judge Singleton Bell presiding.

The first case called was that of Stafford brothers against the New York Central Railroad Company. In his case suit was brought against the railroad company for \$2,000 damages to timber land in Lawrence township owned by the plaintiffs. The fire, which started, it is alleged, from sparks from an engine on the N. Y. C. railroad traversing the property, burned over 60 acres of woodland on March 25, 1920.

The plaintiff is represented by Chase & Chase, while O'Laughlin, Fenerty & Kelley are looking after the railroad interests.

The testimony was being heard when a dispute arose over boundaries and a recess was taken yesterday afternoon and the case resumed this morning.

Hear Slander Suit

During the holdup of this suit the slander suit of Mrs. Mary Kosak against Mrs. Annie Bunker, was taken up and tried. The parties to this suit were from Winburne and some rich, rare and racy testimony was expected. The gallery of spectators was disappointed however as the evidence was very tame, but two or three witnesses were called and the case given to the jury.

Damages to the extent of \$3000 were asked for by the plaintiff but the jury returned a verdict in her favor of but \$10, which also carried the costs.

The case was prosecuted by Kramer & Kramer, and W. A. Hagerty Esq. conducted the defense.

POSTMASTER EXAM. AT WINBURNE NEXT MONTH

The civil service examination for the postmastership at Winburne, this county, will be held at that place on Saturday, October 8th. Max J. Crain, the present incumbent, has held the position through the past eight or ten years and has been an especially careful and competent official. He would have no trouble passing any examination with flying colors.

TEXAS FLOOD TOLL BELIEVED TO BE NEAR 250 MARK

Dallas, Tex., Sept. 13.—The toll of the Texas inland storms and floods grew today as swollen rivers rushed toward the gulf. Reports from Taylor brought the toll of the known dead in and out of San Antonio, where the heaviest casualties were first reported, to around the 175 mark.

San Antonio reported 49 bodies recovered and 14 persons missing. Taylor and immediate vicinity reported 25 dead, most of whom were Mexicans. Thorndale reported 45 dead, all Mexicans and all bodies recovered.

A conservative estimate today of the final toll of the flood reached 250.

SHERIFF GORMAN BUYS PROPERTY

SHERIFF

Sheriff A. M. Gorman has purchased the W. H. Webb property at the corner of Fifth and Locust streets. The price paid was \$4100. Mr. Gorman also recently purchased the two vacant lots on South Second street, just below Spruce, and expect to erect a residence thereon next spring.

POISON CANDY KILLS TODLER

Poisoning believed to have resulted from eating candy, was the cause of the death of little four year old De Wayne H. Leslie, at the home of his parents, Mr. and Mrs. Charles H. Leslie, on West Spruce alley, DuBois, on Friday morning.

NEWS OF OUR NEIGHBORS

CURWENSVILLE

Born to Mr. and Mrs. Irvin Gourley at their home on South street, on Sunday night, a son. Happiness and joy predominates in the household.

It is reported by some of the employees of the Crescent brick plant that some time during the middle of the week a lay-off of a crew of men will take place. The suspension will not be for a long duration, however.

The baseball season in Curwensville for the year 1921 has closed and the American Legion team has been disbanded. The American Legion team had quite a successful season and played all home talent. Several times the team was pitted against paid teams and won as many, if not more games than was lost.

John Gray, superintendent at the Denral mines, met with a rather serious accident yesterday. He was helping in the blacksmith shop, and a steel splinter flew from a piece of iron and hit him in the eye, cutting a deep gash. So bad was the wound that Dr. Erhart was compelled to put in two or three stitches. It is a severe wound and Mr. Gray will be a lucky man if he escapes with his sight.

Misses Julia Powell, Jane Teats, Genevieve Maurer, Helen Kephart and Katie Smith, all Curwensville girls, left yesterday for Indiana where they entered their names on the roster as students at the Normal school.

Complain has been made by families living in the Hugh Irvin block and nearby dwellings of the noise and rowdiness displayed on State street Sunday night by a crowd of youngsters that should have been in bed. The disturbing racket was kept up until after midnight, according to the story of one of the complainants.

Dr. Woodside and ladies of Clearfield called on Curwensville friends yesterday morning.

George Ardary is having some plumbing renewed in his dwelling on Bloomington avenue.

It is estimated that when all of the school pupils are installed in their respective rooms and grades the number will reach over 1,000.

The new ruling concerning parking of cars on State street is being pretty generally observed.

The Curwensville boys who are members of the Boalsburg Machine Gun Company, and who attended the Mt. Gretna encampment, went to Boalsburg Friday to receive their pay for time and service spent in camp.

Verne H. Bloom is having his residence on George street equipped by the addition of a bath tub and other plumbing work.

According to one of the county papers, both oil and gas have been found on land owned by Howard Thompson, this place, at or near Marion Center. His many friends only hope that this report will prove true.

A couple of young men were in town yesterday on the lookout for a room in which to start a sewing machine apertium. There are two or three empty rooms in town, but none of them seemed suitable for the purpose.

Farmers are hustling the corn from the stalk into shock, fearing lest the

big frost which is predicted for the 15th will catch them napping.

Complaint is being made from a dozen different sources of the crowds of boys who gather every evening under the street lights and make the evening hideous by their yells, profanity, etc. As high as sixty of these youngsters in one drove will congregate under one light and in their play have no regard for the grass or lawns. Ridge avenue residents are annoyed in the same manner, the racket being kept up until 11 o'clock.

How about that new bond issue? Is the slogan among the taxpayers these days. It is a good guesser who can predict exactly the year or year on election day.

SHAWVILLE

SHAWVILLE CHURCH
Sunday, Sept. 13, 1921
Geo. H. Van Note, Pastor
CONGREGATIONAL
10:00 a. m. Sunday School.
11:00 a. m. Sermon.
GILLINGHAM
Service at 3:00 p. m.
Preaching by Rev. P. J. Mahan.
EDEN
10:30 a. m. Sunday School.
7:30 p. m. Sermon, subject "How God Weighs Men."

Perry McDowell and Isaac Shirey, of Pleasant Valley were at the church services at Shawville on Sunday. We are always glad to welcome strangers.

Mr. and Mrs. Paul Mayhew had callers on Saturday and Sunday.

Mearl Kyler is employed at McDowell's at Pleasant Valley this week.

Prof. Long, principal of our schools, found a place to board at the M. E. parsonage.

Rev. Geo. H. VanNote purchased a buggy from E. E. Murray. He is now having it done up. Mr. William Mahew is doing the work.

Mr. Roy Rich is employed by the Keystone Flour Co., at Clearfield. He is missed very much at home.

Special Revival meetings will continue for two weeks at Egypt. Every body welcome. Come.

Rev. C. W. Richel, of Liverpool, Pa. was in Goshen church service on Sunday morning and addressed the Sunday School and church people assembled.

Rev. P. J. Mahan delivered two inspiring sermons at Shawville and Surveyor.

Special revival services are in progress in Egypt School House all this week. Rev. P. J. Mahan, of Camden, N. J., is the Evangelist.

WANTED—A girl or middle aged woman to help with general housework. Apply at the Irvin farm or call 1121 Bell phone. 9-13-21

BIGLER

W. D. Walker has purchased a new Nash car.

Arthur Lansberry and family of Youngstown, O., autoed to this place to visit his father, A. C. Lansberry.

Miss Olive Forcey has gone for a visit with relatives in California.

After a month's visit with friends in Bigler and vicinity Mrs. Mary

Bingham has gone to Altoona where she will visit before returning to her home in Steelton, Pa.

Dr. H. L. Woodside and wife, and C. A. Walker and wife autoed to Center Hall last week and attended the Grange picnic.

Dr. Carpenter of Philadelphia spent the past week visiting Miss Nellie Edmunds at the bungalow.

D. D. Weiser and family returned Friday from a week's pleasant visit with home folks in Milheim, Pa.

Mrs. Frank Rhinehart who has been confined to her bed for to past six weeks is recovering very nicely.

Mrs. T. H. Stevens of Philipsburg is spending a week at the home of her son Lloyd Stevens here and enjoying seeing her old friends and neighbors.

Fred Michaels of Kerrmoor was a visitor to our burg last week.

Prof. Thayer and wife of Clearfield spent Saturday afternoon at the home of C. A. Walker.

The KITCHEN CABINET
(S. 1921, Western Newspaper Union)
What medicine can procure digestion? Exercise. What will recruit strength? Sleep. What will alleviate incurable evils? Patience.—Voltaire.

HOT OFF THE GRIDDLE.
A hot griddle cake is not out of place even during the summer when a cool morning will make a crisp brown waffle welcome.

The Best Waffle.—Take one and one-fourth cups of flour, one-fourth teaspoonful of salt, one cupful of thick sour milk, one-half teaspoonful of soda, two eggs and three tablespoonfuls of melted butter. Sift the flour, salt and soda. Separate the yolks and whites of the eggs. Beat the yolks until thick, add the sour milk and flour, beat well, add the melted butter and fold in the beaten whites. Cook on a well-greased waffle iron.

Raisin Pancakes.—Mix three-fourths of a cupful of yellow cornmeal, one and one-fourth cups of flour, four teaspoonfuls of baking powder, one teaspoonful of salt; then add three-fourths of a cupful of chopped raisins. Stir in one and one-half cups of milk, one egg well beaten, two tablespoonfuls of melted fat and two tablespoonfuls of sugar. Bake on a hot griddle and serve with hot gravy.

Raisin Waffles.—Take one and one-half cups of flour, three teaspoonfuls of baking powder, one teaspoonful of salt and one cupful of raisins. Stir into one cupful of milk one tablespoonful of melted butter, two stiffly beaten egg whites and the beaten yolks. Fold in the egg whites at the last. Bake on a well-greased waffle iron.

California Griddle Shortcake.—Mix and sift together two and one-half cups of flour, three-fourths of a teaspoonful of soda, one teaspoonful of salt, two teaspoonfuls of baking powder; beat one egg yolk, add one cupful of buttermilk, two teaspoonfuls of melted butter. Mix all the ingredients, beating well, then turn out on a floured moulding board. Knead until the dough ceases to shrink when rolled out. Roll and cut with a biscuit cutter, set in a cool place for an hour. Bake on a hot griddle from 10 to 15 minutes, keeping hot in the oven until all are baked. Split while hot, butter and spread with orange marmalade; spread the top with butter and serve at once.

Nellie Maxwell

SEEKING SECRETS OF FINE OLD VIOLINS

Norwalk, O., Sept. 12.—(United Press.) Musicians for years have wondered why many old Italian violins, apparently made in a slipshod manner, should produce such clear sounds.

N. C. Holcomb, musical instrument maker, believes he is making rapid advances in his efforts to discover the secret of the fine, mellow tones of the Cremona violins.

Holcomb believes that the lost secret had to do mainly with the filler and varnish. He was informed that a careful chemical analysis had been made of some of the finish on a famous old violin owned in Battle Creek, Mich.

This examination disclosed the fact that before the varnish was applied, the wood was filled, evidently with the yolk of an egg and beeswax.

Profiting by this information, Holcomb varied these conditions into the raw wood of a new violin before applying the varnish. The results achieved were surprising, the instrument producing a tone that is usually associated with age.

Holcomb, by using the tops of old tables and other furniture, obtained maple wood 300 years or more old.

Holcomb says that he has found out that if varnish is applied to a violin before the proper filler has been used, the varnish penetrates the cells of the wood and injures the tone.

GRAVEMARKERS FOR RESTING PLACE OF WORLD WAR VETS.

Washington, D. C., Sept. 12.—The bodies of thousands of American soldiers killed during the world war and returned from overseas are occupying unmarked graves in this country with Congress to blame for the condition, according to reports of the national legislative committee and service division of the American Legion here.

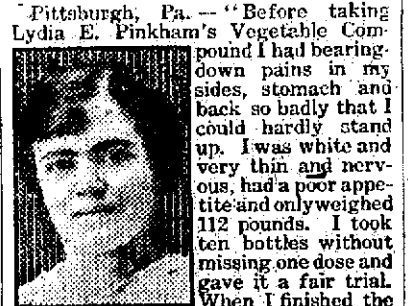

Hundreds of letters from gold star parents reciting the Government's failure to furnish gravemarkers as promised and as required have been received by the Legion organizations. Congress, however, has failed to appropriate sufficient funds to carry out the law which provides uniform government headstones for the country's military and naval dead.

"It has been months and months since we wrote the Quartermaster General of the Army asking for a government stone for our boy's grave; we have had no reply," is the tenor of the letters. Between fifteen and twenty thousands such requests are reposing in the files of the Quartermaster division of the Quartermaster general's office, with an average of 100 of them coming in daily.

Funds available for the purchase of the required marble headstones permit the ordering by the War Department of about 3,000, which, even when they are ready, will take care of less than one tenth of the graves in this country. The Legion's legislative committee announces its intention of pressing the military affairs committees of both houses of Congress for sufficient appropriations to mark all graves as soon as the body reconvenes the last of this month.

WHAT MADE THE CHANGE?

This Woman says Lydia E. Pinkham's Vegetable Compound Made Her a New Woman

Pittsburgh, Pa.—"Before taking Lydia E. Pinkham's Vegetable Compound I had bearing-down pains in my sides, stomach and back so badly that I could hardly stand up. I was white and very thin and nervous, had a poor appetite and only weighed 112 pounds. I took ten bottles without missing one dose and gave it a fair trial. When I finished the last bottle everyone asked me what made the wonderful change in me. I told them about Lydia E. Pinkham's Vegetable Compound and I recommend it wherever I can. I give you permission to publish this letter to help suffering women as your remedies are a godsend and made a new woman of me."—Mrs. E. A. BAKER, 4749 Butler St., Pittsburgh, Pa.

Why will women drag around day after day, suffering from backaches, bearing-down pains, nervousness and "the blues," enduring a miserable existence when they have such evidence as the above that Lydia E. Pinkham's Vegetable Compound is a dependable remedy for such troubles. For nearly forty years this grand old root and herb medicine has been restoring the women of America to health and strength.

PRESIDENTIAL PARTY LEAVES NEW YORK CITY

By RAYMOND CLAPPER
(United Press Correspondent.)
New York, N. Y., Sept. 13.—President Harding and his party left the Brooklyn Navy Yard aboard the Presidential yacht Mayflower shortly after 9 o'clock this morning for the run to Glen Cove, Long Island.

From there President Harding and his guests will motor to Piping Rock for a round of golf. The President will not return to New York.

Five more notables joined the President's party today. They were Secretary of War Weeks, Dr. Sawyer, Dr. Albert Ely, Senator Frelinghuysen, and J. Leonard Replogle.

President Harding and his party arrived at Glen Cove shortly before noon.

John D. Rockefeller is said to be the richest man in the world. Yet it is necessary to make the highest court in the land to make him pay his income tax, as the following will show:

John D. Rockefeller must pay the Federal Government \$292,678.78 with interest at 6 per cent. from June 30, 1916, on account of unpaid income taxes, if a decision rendered by Federal Judge Learned Hand is sustained.

The decision in favor of the Government was in a case arising out of Mr. Rockefeller's refusal to pay income taxes on stock dividends received on his holdings in the Illinois Pipe Line Company and the Prairie Pipe Line Company, which were subsidiaries of the Standard Oil Company of New Jersey before the Government ordered that the Standard Oil Company be disintegrated.

WILL SEE THE SUN HARNESSED

Practical utilization of the sun's rays to provide light, heat and power for industries is the next great compelling achievement of science, predicted Dr. Arthur D. Little, at a meeting of 1,000 American and Canadian chemical experts at Columbia University.

He prophesied that chemistry will help to bring about the conversion of solar rays to supplant the dwindling supplies of coal, petroleum and other sources of energy on which the world is today reliant. He said:

"Hydraulic devices enables one man to operate the locks of the Panama Canal. The Desert of the Sahara, 6,000,000 square kilometres in area, daily receives a solar energy equivalent to that of 6,000,000,000 tons of coal. The world awaits the genius who will convert radiant energy into electric current."

"It has been estimated that, as-burning 3,650,000,000 tons of coal in one day, a surface of only 10,000 square kilometres receives in a year a quantity of heat corresponding to that produced by burn 3,650,000,000 tons of coal. That is considerably more than double the entire world's production."

TAX RETURNS PROVE FRANCE IS POOREST COUNTRY

France is the poorest country on earth, according to income tax returns published recently, which among other astonishing things state:

1. There are only 183 millionaires in all France.
2. Four-fifths of the population boasts incomes lower than \$2,000 a year.
3. The total French income amounts only to 11,859,000,000 francs.

Government officials charged with the investigation are plainly non-plussed at the revelations that, instead of the deported 800 millionaires in Paris, there are really only sixty, according to the statements of income tax blanks.

Four hundred and seven thousand persons said they made from \$500 to \$2,000 yearly, 73,000 admitted receiving from \$2,000 to \$5,000, 22,043 put it down that they earned \$6,000 to \$12,000; 10,266 apparently, only draw down from \$1,000 to \$25,000, while incomes ranging from \$10,000 to \$100,000 total—still according to forms—only 1,500.

Woolridge Building

The French Government is now considering means to teach millionaires and lesser financial lights a little plain veracity.

President Harding is not going to allow any mere hotel keeper to make a Belshazzar out of him if he can help it. Down at Atlantic City on Sunday the proprietor of the tavern at which Warren G. was putting up thought to tickle the vanity of the ruler of the U. S. A. by doling up the dining table with solid gold dishes. When Warren saw the shiny plate he called the head waiter and frowningly said "Take those away and bring regular dishes." He then fed on regular old style Ohio made crockery.

When the 18th Amendment was proposed grape growers of California and New York States immediately donned crepe and wailed loud and long about the necessity of cutting down their orchards if the country went dry. They were poor guessers however, as grapes this fall are selling at \$200 per ton, the highest figure ever attained. Strange to say, this boost is due to prohibition as home brewers are snapping up the grapes wherever offered for sale. The demand is so unusual that contractors have purchased the crops of entire vineyards, gathering the various varieties as fast as they ripen.

Citizenship in the greatest country God's sun ever shone on is a costly experiment as according to official statistics of the U. S. Federal Treasury the per capita wealth of the country during 1921 was \$54.41 while the per capita taxation for the year totaled \$58.46, thus making the hole larger than the doughnut.

WAR ON CANCER SET

FOR WEEK OF OCT. 30

An extensive educational campaign during the week beginning October 30 will be carried on by the American Society for the Control of Cancer, it was announced yesterday. It proposes to "fight cancer with facts."

It said: "The work will be carried on in the United States and Canada by the foremost physicians and surgeons, State and city health authorities, the press, lectures and literature."

"In the past three years deaths from cancer have, for the first time in two decades, shown a decrease. The Society believes its campaign had something to do with it. Cancer causes one out of every ten deaths in this country where the victims are over forty years. About 85,000 cancer deaths a year are recorded. Mortality among women is greater than among men."

Before the world war came along to rip the tar out of the established order Henry Ford was bending every energy toward being able to sell a Ford car, a tractor and a truck all for a total price of one thousand dollars. Henry is again nursing this idea.

MARRIAGE LICENSE

George W. Shetler and Gertrude DeVoe, both of DuBois.

Henry J. Gillette and Roberta McMasters, both of Girard, Ohio.

Ignaty Ostisak and Elizabeth Novak, both of Rush twp. Centre Co.

Kyle Graham and Margaret Walker, both of LeContes Mills.

Harry L. James and Carrie E. Pheasant, both of Johnstown.

Charles B. Hubler and Irene Viola Dunlap, both of Clearfield.

Ralph E. Smith of Luthersburg, and Elsie Hartzfeld, of Bloom twp.

Jewelry That Carries True Distinction

There's a true distinction to the jewelry that you may select here to adorn your person and you'll find that there's a refinement to it that will appeal to you from the very minute you see it.

Little things such as you want to use and yet do not wish them to be obtrusive, may be found here and you should, by all means, come and look them over.

President Harding shooting out a dizzy-curve to open the game between the Marine Corps and the Masons of Washington, D. C., for the benefit of disabled veterans. General Lejeune, commander of the Marines is on the right.

NOTED COLORED PREACHER HERE TONIGHT

Rev. R. M. Burney, D. D., one of the general officers of the A. M. E. connection, will speak at the A. M. E. church, West Side, this evening, at 7:45 o'clock. Come out and hear him.

THEY'RE AT IT AGAIN

It is getting so up here in these Clearfield county mountains that no bootleggers is safe in his possession or property rights of a cargo of booze, 'be the same great or small.' In fact it is getting so hard a proposition to get the stuff to the ultimate consumer that the Bootleggers Protective Association has about decided to make all future quotations f. o. b. the county line. "Stew-darn bad—aint it?"

A cargo headed this way from DuBois was "knocked off" last night out near the Moose Creek water dam on the Penfield road. The "booze hookers" got away with car, booze and all.

Fountain Syringes Hot Water Bottles

We have them in great array and they're the best that can be bought for the money. The rubber in them is live and the attachments are bound to be water tight.

We'll tell you that they are good.

How Far Will Your Dollar Go Today?

WHAT you get for a dollar determines its value.

And the secret of economical buying is information. The man or woman who is best informed is the one who buys to best advantage.

Every day this newspaper contains information that you should have in order to increase your buying power. The advertisements are intimate little lessons in economy. They are notices of how—where—when and for what your dollar will go farthest.

This advertising awaits your pleasure. It does not force itself upon you. At your convenience you can study it to learn where to go for the product or service you require—to discover where and how you can buy most easily and to best advantage.

It's a fascinating and worth-while practice to see just how you can make your dollar do its best for you.

The Advertisements will tell you

DEMOCRATS TO BE COMPLIMENTED ON RESPECT FOR RIGHTS OF RUMBERGER AND FAMILY

It had been the intention of The Progress to editorially compliment the Democrats of Clearfield county on their sense of justice and fair play when no member of that party filed a nominating petition for the office of County Treasurer, being of the belief that the Democrats, following the lead of their party organ, the Clearfield Republican, felt that the late Amos Rumberger or his family were entitled to the emoluments of that office for the four year term to which he was elected just a few short months previous to his death. There was every precedent for this magnanimous action on the part of Clearfield county Democrats, but the fact that no member of that party would present his name for the office and would presumably follow the lead of the party organ in urging the nomination of Mr. Rumberger's daughter, Miss Gertrude, demonstrated to us that there was a deal of sentiment even in politics and we felt, as we said, like complimenting the party generally for their generous action. Then following the last day for filing petitions came the announcement from John Laing of DuBois, to the effect that he would seek the Democratic nomination by the "sticker route." We felt for a time that our promised commendation would not be in entire good form in view of Mr. Laing's candidacy, and thus far refrained from saying anything.

Recently the Raftsmen's Journal and the DuBois Express got themselves into somewhat of a lather over the Laing candidacy, the Journal styling Mr. Laing a Democratic politician. This was objected to by some Democrats and investigation of the party enrollment records of the city of DuBois, on file at the Commissioners' Office, show that Mr. Laing is not and never has been a Democrat, but is registered as a Republican and been voting as such at least ever since his residence in DuBois, and the fact that he is taking advantage of the fact that no Democrat is seeking the office of County Treasurer and trying by the "sticker route" to capture this nomination for his own uses, is certainly no concern of and not chargeable to any Democrat. Therefore, while a little tardy, we here and now want to commend our Democratic brethren for their thoughtfulness and respect for a worthy opponent in refraining from putting up a candidate against the member of his family best fitted to carry out his policies and realizations in the position won by him and which the people of Clearfield county wanted him and his family to enjoy.

ONE OF THE EXCEPTIONS

The Progress cannot agree with the contention of many people and journals that the movies are rotten to the core and that the Arbuckle case is just one of the "blowouts" that will happen once in a while on a bad tire. To begin with, we are sorry that one of the greatest gloom dispellers of the age has become involved in such a nasty mess. His funny antics have helped many a care-worn soul to laugh away a worry. He was not one of those who depended on the baser things of histrionics to entertain people, although some of his stuff was very ridiculous in its slapstick phases. To our notion the movie environment is no worse than any other and Fatty can no doubt blame his wealth and himself for his predicament. Just as reasonably may we condemn the church when the preacher runs away with the choir singer. And we have heard of such things happening.

According to the court proceedings of the past few days, it would be a good thing for the authorities of Cooper township to institute the old fashioned ducking stool. We might further suggest that an admission fee be charged to see the ducking and the "gate" be turned over to the injured female. 'Squire Devinney might look into this.

There are a lot of able-bodied, red-blooded men about this community who would be much happier living on a country farm, especially one of the many large tracts which are especially adapted to cattle, swine and sheep raising. We know that a lot of you are thinking about this proposition. Well, now is the time to lay your plans to tackle the job in the Spring. More on this subject later.

Congressman Evan J. Jones, of this district, was a city visitor today and made it quite plain that he will seek reelection for a third term. He advances the meritorious argument that only through long service in Washington can any man get the necessary recognition to do things for his constituency.

YOUR NEIGHBOR'S TAXES

One of your neighbors used to worry a good deal about his taxes. They always took a big chunk out of his bank account and were never welcome.

But he solved the problem at last.

A few years ago this man had some fat hogs for market just as his taxes were due. His hog money more than paid his taxes and his bank account was not disturbed at all.

Your neighbor has made it a rule for several years to have fat hogs at tax paying time. It is the best plan he knows to avoid a big slump in his bank account at that time.

Did you ever try such a plan? A plan like this can often be used to win some special success. We hope this suggestion will be worth something to you. Think it over.

registered about noon.

About two o'clock a maid in the hotel heard four shots but paid little attention. She remembered the occurrence after the bodies were found. A clerk at the hotel tried to rouse the couple yesterday evening and again this morning but failed, and sent for the police.

The bodies were found, when police climbed over the transom, clasped in each other's arms. Miller had written a note to a daughter, Miss Maude Miller, charging that his wife was unfaithful and had "gone through" \$2,800 of his and that he "would end it all."

DAVIS-KIRKPATRICK

Mr. and Mrs. John B. Davis, of this city, have received word of the marriage of their daughter, Evelyn, to Captain William J. Kirkpatrick, a captain of the Marines.

The wedding took place on the 29th of August, at Frederick, Md. After the wedding the happy couple started on a tour through several of our southern states. They will reside in Washington, D. C., where Captain Kirkpatrick is stationed.

DEFENSE FUND IN MURDER TRIAL BY SUBSCRIPTION

Birmingham, Ala., Sept. 13.—All the money to conduct the defense of Rev. Edwin Stephenson, Methodist minister, who is to go on trial October 17, charged with the murder of Father James Coyle, Catholic priest, is being secured through popular subscription. This was disclosed today when petitions, bearing the caption "Stephenson Defense Committee" were displayed in local newspapers here.

Copies of the petitions are being circulated throughout the state and considerable money has already been secured, it is said.

DESPONDENCY CAUSE OF DEATH DIVE

Elwood City, Sept. 13.—Despondency is believed to have caused Dominic Perrie to take the 125-foot death dive here today from the top of the river bridge to the rocks below. After asking his sister to witness his suicide the man took the leap. Nearly every bone in his body was broken.

Safety First.

Jud Tunkins says the most valuable sense of humor is the kind that enables a person to see instantly what it isn't safe to laugh at.—Washington Star.

G. C. MILLER

5,000 VETERANS ARE NOW VICTIMS OF WHITE PLAGUE

Columbus, O., Sept. 12. (United Press.)—The ninth annual conference of the Ohio Tuberculosis Society opened here today with delegations from eleven mid-western states in attendance.

The convention in its three-day session here will take up the question of relief for tubercular ex-soldiers. There are more than 5,000 of these in public sanitariums, and the American Legion, seeking rehabilitation, hospitalization and compensation for them, will participate actively in the conference.

Speakers scheduled to address the gathering included Dr. Walter McNabb Miller, St. Louis, Mo., president of the society; Dr. Allen K. Krause, director of the Dows foundation for tubercular research of the Johns Hopkins University; Dr. James Alexander Miller, president of the National Tuberculosis Society, and Dr. Haven Emerson, medical advisor for the war risk bureau.

Dr. H. H. Snively, state director of health, has called a meeting of all health commissioners of the Ohio Health Association, to convene in conjunction with the conference.

The program for the tubercular conference today included addresses of welcome by Governor Davis and Mayor Thomas, of Columbus, and responses by Mrs. Samuel L. Black, president of the Columbus Society for the Prevention of Tuberculosis, and Dr. Miller, chairman of the convention. Clinical demonstrations, sectional luncheons, and the first general meeting of the conference will conclude activities for today.

Tomorrow the sanitarium delegations will go to the state sanitarium at Mt. Vernon, where 52 per cent. of

last year's patients were returned to working capacity.

ANNUAL MEETING OF CENTRAL PENN. MEDICOES

The annual meeting of the Central Pennsylvania Medical Association will be held in the Y. M. C. A. building at Tyrone tomorrow afternoon at 2:30 o'clock.

Twelve counties are included in the district and close to two hundred doctors are expected to be present. All the doctors of Clearfield will likely attend.

Dr. George W. Crile, Professor of Surgery in Western Reserve Medical College, of Cleveland, Ohio, will address the Society on "The Gout Problem," while Dr. Albert P. Brubaker, Professor of Physiology in Jefferson Medical College, Philadelphia, will speak on "The Mechanism of Carbo-Hydrate Metabolism."

Dinner will be served following the business session.

This oil remains
"MEDIUM"—
in the motor
as well as out

The superiority of Atlantic Medium is evident in its remarkable resistance to change of character under operating conditions.

Its viscosity or "body" is permanent—as permanent as body in oil can be. The terrific heat of the cylinders will not appreciably thin down Atlantic Medium. The tons of pressure exerted against the bearings by the power impulses will not force it from the friction surfaces. It contains nothing to corrode valves or other metal. It is remarkably free from carbon or sediment-forming elements. All good reasons why

Atlantic Medium

is the finest guarantee of efficient lubrication you can give your motor.

**ATLANTIC
MOTOR OIL**

A Column of News and Timely Topics for the Man Who Feeds the World

PRINTED COPIES OF NEW SEED LAW NOW BEING DISTRIBUTED

Printed copies of Pennsylvania's new pure seed law, passed by the last session of the legislature, are now available for those persons interested.

While the law became effective on July 1, yet the lack of the printed copies made the enforcement work difficult, as seed dealers generally, throughout the state were not familiar with the various provisions.

The Bureau of Plant Industry of Pennsylvania Department of Agriculture now has in operation a complete seed testing plant, testing not only for purity but also for germination. Dealers and others handling commercial seed may secure copies of the law by writing the Bureau of Plant Industry, Pennsylvania Department of Agriculture, Harrisburg.

CROP ESTIMATES

Hay.

The preliminary estimate of the average yield per acre of tame or uncultivated hay was 1.20 tons and the total production, 3,319,000 tons as compared with 3,951,000 tons last year and 4,187,000 tons, the average production for the past ten years. The quality of this year's crop was 86 per cent of a normal as compared with 92 per cent last year, and 90 per cent, the average quality for the past ten years. The yield of timothy this season was estimated at 1.25 tons per acre as compared with 1.50 tons last year and 1.43 tons, the average yield per acre for the past ten years. The average yield of alfalfa this season is estimated at 2.55 tons per acre as compared with 2.45 tons last year and 2.60 tons, the average yield per acre for the past ten years. The average yield of wild hay is estimated at 1.20 tons per acre and the total production 17,000 tons as compared with 19,000 tons last year and 18,000 tons in 1919. The quality of this year's crop is 85 per cent of a normal as compared with 92 per cent last year and 89 per cent, the average quality for the last ten years.

Clover Seed.

The estimated area of clover that will be harvested for seed this season is 7,000 acres as compared with 9,000 acres last year and 10,000 acres, the average area harvested for the past ten years. The condition of the crop on September 1 was 73 per cent of a normal, indicating an average yield of 1.3 bushels per acre and a production of 9,000 bushels as compared with 14,000 bushels last year, 11,000 bushels in 1919, and 16,000 bushels in 1918.

Hogs.

The total number of hogs on hand for fattening this fall is estimated at 1,051,000 as compared with 1,083,000

in 1920 and 1,165,000 in 1919. The total number in the United States is estimated at 55,912,000 as compared with 56,534,000 last year and 62,073,000 in 1919.

Wool.

The production of wool this season is estimated at 3,403,000 pounds as compared with 3,582,000 pounds last year, and 3,444,000 pounds in 1919.

Honey.

The average yield of surplus honey per colony to September 1 this season is estimated at 40 pounds as compared with 55 pounds last year and 43 pounds, the average yield for the past six years. The condition of the colonies on September 1 was 95 per cent of a normal as compared with 96 per cent last year, and 95 per cent, the average condition for the past six years. The condition of fall honey plants was 85 per cent of a normal as compared with 99 per cent last year and 92 per cent, the average condition for the past six years on September 1.

Fruit.

Apples:—The condition of the total or agricultural crop on September 1 was 16 per cent of a normal, indicating a production of 3,853,000 bushels as compared with 23,937,000 bushels last year and 7,972,000 bushels in 1919. The commercial crop is estimated at 385,000 barrels as compared with 2,000,000 barrels last year, and 759,000 barrels in 1919.

Peaches:—The condition of the crop on September 1 was 14 per cent of a normal indicating a production of 308,000 bushels as compared with 1,744,000 bushels last year and 1,200,000 bushels in 1919.

Pears:—The condition of the crop on September 1 was 20 per cent of a normal, indicating a production of 146,000 bushels as compared with 701,000 bushels last year and 355,000 bushels in 1919.

Other Crops.

The condition of other crops in Pennsylvania, the condition last year, and the average condition for the past ten years on September 1 are as follows:

Field peas—87, 93, 90; field beans—83, 92, 87; pastures—82, 97, 91; tomatoes—84, 93, 86; cabbages—74, 95, 86; onions—83, 92, 88; broom corn—85, 92, 90; grapes—38, 94, 91; watermelons. The average yield this season is estimated at 84 per cent of a normal as compared with 85 per cent last year and 79 per cent, the average yield for the past ten years. Cantaloupes: The average yield this season is estimated at 84 per cent of a normal as compared with 85 per cent last year and 83 per cent, the average yield for the past ten years.

Your friends will be glad to know you are back home. Telephone The Progress H. & C. 176.

WILD ANIMALS ARE ABUNDANT IN COL.

Denver, Sept. 12. (United Press).—That Colorado is still a wild animal state is shown in the annual report of the bureau of markets of the United States department of agriculture, just made public.

The report shows that in the last fiscal year, six bears, one mountain lion, 686 coyotes, 17 wolves and 310 other predatory animals were shot, trapped or poisoned by the department's animal division. The saving to livestock growers was estimated at \$96,300. The cost of killing 1,019 animals was \$27,489, or about \$27 a head.

The extermination program for this year is an extensive one, the department announced, and hunters will be kept in one locality until every wolf and mountain lion there is trapped or poisoned.

PLAN NEW METHOD FOR FIGHTING SPREAD OF JAPANESE BEETLE

Despite the strenuous efforts of the Pennsylvania Department of Agriculture to check the spread of the Japanese Beetle, the pest has spread over a considerable area in the southeastern corner of the state.

The beetle, found in New Jersey many months ago, has succeeded in crossing the Delaware river, despite the vigilance of a river patrol maintained during the past spring and summer by the Pennsylvania Department of Agriculture and the Federal department. Originally found in the vicinity of Holmsburg, the beetle has now spread until it is found in Fairmount Park, Philadelphia. For the remainder of the year there is no danger of the infested area being increased and officials of the Pennsylvania department are working with the Federal authorities on new control methods which will be vigorously carried out next spring.

It is planned, next year, to inspect every shipment of foliage that is shipped out of the infested area, not bothering with the shipments into or within the area but carefully checking everything that is outward bound. In this manner it is hoped to check the further spread of the beetle.

In the meantime, experts are studying the problem in Japan, seeking to find a native parasite which can be imported and used in the fight on the beetle.

Set's a Proud Cow

Best who has been rustling on the Thorndyke farm at Liberty. It is now looks with disdain upon other Illinois cows. She is going to take a trip to Washington soon to become the official White House cow.

TAX DODGERS

(Continued From Page One.)

Second: Illegal deduction and exemptions applying to industries and corporations who claim exemption when not entitled to it.

Third: Lavish spending deliberately put forth to evade taxes.

Fourth: Gifts and contributions to scientific and charitable organizations used to cut down taxes.

Martial Singing of Famous Hymn. Many hymns in the song books of modern churches, including some of the most popular and inspiring, are of martial swing and tempo. "Onward, Christian Soldiers" is the most popular of this class of religious songs. The Rev. Sabine Baring-Gould, English pastor, author and song writer, composed the words of "Onward, Christian Soldiers" in 1869. It was to be sung by children, and was written for a special occasion for which the pastor could think of no suitable marching song. He wrote it in one night.

Thoughtless Scatterers of Trash. Many people scatter their trash broadcast through the land because they have not imagination enough to see how such action can rebound to their own hurt. There are many who are neither homeless nor landless themselves who can still act and live so far as the rights of others are concerned, as though they were a race of nomads wandering across a trackless desert of swiftly cleansing sand. Their mental processes are as obvious as the trail they leave behind them in the landscape. We can understand them, but we do not like them.—From the Outlook.

As it Usually Turns Out. "Yes, you may as well come over and figure on building the new den my wife insists I need. She has no satisfactory room to sew in."—Retail Ledger, Philadelphia.

"SHOW A LITTLE SOMETHING NEW"

There's such real, sound, grade A philosophy in "Show a Little Something New," the rollicking song that Gus Shy, as William Penn, the fixer, sings so well in "Listen Lester," John Cort's musical comedy coming at the Driggs theatre Wednesday night according to that agile comedian himself.

"This is a very old world," explains Mr. Shy, "and it has a great many different things. To produce even the tiniest ripple in its stolid calm, one must follow literally the advice contained in the song 'Show a Little Something New.' Whether it is business, love, war, or what not, the same principle holds good. Our boys in France showed the Kaiser 'a little something new' in the way of fighting, with the best kind of results. This blasé world will always crave for a 'Little Something New' and will always pay a high price for it—even as did the Kaiser!"

A TREAT FOR THE KIDDIES AT THE DRIGGS

William H. Kibble's scenic revival of the celebrated masterpiece of Harriet Beecher Stowe, entitled "Uncle Tom's Cabin," will be given at the Driggs theatre on Thursday.

It is one of the most interesting and heart-rending plays ever placed upon the stage, and it will live forever in the memory of the theater-going public. William H. Kibble, the enterprising manager, has taken great pains in staging and producing the original version of Mrs. Stowe's beautiful story, every year trying to outdo the previous. In the company this season are colored people, engaged to fill out the many pictures of the play and introduce their many old and new songs, dances and plantation shins.

Name of Labrador.

It is believed that Labrador was so named because Portuguese explorers thought the natives would make good laborers, or because of the labor required to make a living there. The name is connected with the old Spanish name for labor. The Labrador coast was discovered in the Tenth century by Leif, the Norseman, but no explorations were made. It was again discovered in 1497 by John Cabot. Explorations and settlements were made and the peninsula was named.

Nazimova Screens "Camille"

Alla Nazimova, the great emotional actress, doesn't know what she will do next. She has just finished a screen version of "Camille." "I want some big motive in a play, something to inflame me," she says. She is searching for that story now.

Told of John Burroughs.

John Burroughs, the naturalist, was not interested in nature's larger aspects. Geysers and volcanoes bored him. His one exception was the Grand Canyon of the Colorado, which he called "the Divine Abyss." Despite his interest on study when a boy, Burroughs was fond of girls and kept a systematic record of his engagements with them, writers on his life say.

His Only Hope.

"Madam," said the poor but ambitious oddier, "please don't interrupt me in the midst of my labors to dun me for my board. You don't seem to realize that music is food and drink to me." "Well, all I've got to say," replied his landlady, as she turned away, "is just this, young man: If you don't pay up, then times you play is all the food and drink you'll get in this house."

STEALS ONLY FROM JOHN D. AND THE STANDARD OIL CO.

Portland, Ore., Sept. 12.—(United Press.)—There's a highwayman working in Portland who has a sense of humor. He robs only Standard Oil gasoline filling stations, and will not take money from the men who tend the pumps.

Never has this robber been known to waylay a lonesome pedestrian; never has he burglarized a house; never has he sought to garner his precarious proceeds from the viling stations of gasoline companies competing with Standard Oil.

This unique holdup man made his debut in Portland, and then moved to California, where he was caught red handed and served his term.

When he completed his term, "Coal Oil Johnnie," as he is known to the detective bureau of the Portland police department, resumed his operations in Portland.

Merrily he goes his way. It goes something like this:

"Open the cash register," suavely remarks an unmasked figure, punctuating his order to the filling-station man with a blue revolver.

The man on the job opens the register, and also turns out his pockets. Keys rattle. "Coal-Oil Johnnie" transfers John D.'s money from the register to his own capacious pocket, and thanks the station man.

"Keep your money," he says jovially.

"Can't you leave me some cash to open business with in the morning?" asked the T. S. M.

"Oh, Jawn Dee will take care of that. Good night."

And away he goes.

"Oh, it's somebody who has a grudge against the company," said Lieut. Pat Malone, of the detective force.

NO MISTAKE NEXT TIME

The Stork express tried out the new concrete street on South Fourth street yesterday afternoon and found time enough to make one more stop at the home of Mr. and Mrs. Lloyd Wrigley, where Old Dr. Stork, the conductor of that famous line, unloaded a boy passenger. Wrigley claimed to have ordered a dish washer and objected for a time to signing the delivery slip, but Doc blamed the error on his failing eyesight and as there were already four boys in the Wrigley family. Daddy Wrigley decided No. 5 wouldn't make any more noise around the house and the newcomer is now right at home in the middle of the flock. Old Doc promised to give Wrigley's next order special attention.

RAIL EMPLOYEES MEET SUNDAY TO CONSIDER WAGES

Pres. Jewell, Of A. F. Of L. Ry. Dept. Announces Conference.

Since Nerv-Worth was first introduced in this city a short time ago, its sales have been far in the lead of any other preparation ever sold in this city. Gross after gross have been handed out to customers and every first bottle was sold on a money-back guarantee. Hundreds and hundreds of satisfied customers have told their neighbors of this wonderful remedy and its wonderful results, and what it is doing here is no more than it is doing throughout the country. In towns where it has been introduced the results are always the same—wonderful sales and thousands of satisfied customers. The reason for this is that Nerv-Worth is real medicine, and does

everything that is claimed for it. It gives nerve force, tones and strengthens the nervous system, builds up your digestive system, stops the formation of gases, drives out impurities, relieves belching and biliousness. It does all this and does it quickly. If you suffer from nervous or stomach afflictions, a run-down condition or their attending ills, take Nerv-Worth. It acts jointly upon stomach and nervous disorders, and thus gives results where others have failed. Drop into your drug store, join the crowd and become a friend of Nerv-Worth.

Sold by Stewart Drug Co., and all leading druggists everywhere.

Nerv-Worth is now \$1.00 per bottle.

The Modes of AUTUMN

ANNOUNCING OUR

Fall Opening Exhibit

of Millinery, Coats, Suits, Dresses, Waists, Shirts, Dress Materials and Childrens' Wear

Thursday, Friday and Saturday

We extend to you a cordial invitation to visit our store on these important Fashion Days and view at your leisure the specially arranged displays and the collections of Fall wearables gathered for the sole purpose of meeting fully and completely your preferences. Prices you will find much more reasonable this season than you have in the past.

In the Book of Autumn Fashions it is written: Yellowstone, Pompeian, Mohawk, Bordeaux and Java shades. They're the names of some of the new shades for which artists searched high and low. And color is just one little angle of the beauty revealed by the new mode. Gorgeous hues find delightful parallels in distinguished lines, in novelty of garniture, which this Autumn has snatched inspiration from the Orient, in fabrics of rich texture, in a slim silhouette. In these displays are authentic interpretations of Parisian styles, as well as the most worthy creations of American designers.

GLOVES

If Jenny and her cohorts expected undivided attention when they focused fashion favor on sleeves, they forgot that placing arms in the limelight gave Gloves an equal opportunity to gain fame. Gauntlets and Mosquitos are most popular, with embroidery and rippled flares adding novelty to this Autumn's Gloves.

HOSIERY

With straps and more straps, and novelty cut out effects on the vamps of Autumn slippers, your Hosiery will be espied through many in-between places and must be good looking. The beauty of quality and sheerness of weave will attract special notice because Fall Hosiery prefers simplicity. New tones are lovely.

BLOUSES

Just can't pick out one feature of the new Fall Blouses to become enthusiastic over, they are so charming all over. Truthfully, designers not contented with lovely fabrics in the most exquisite shades—Yellowstone, Mohawk and Cantaloupe have beautified almost every inch of material with eccentric garniture.

FABRICS

New Fall Fabrics—here is something to be seen and not prosaically described. You must feel them, literally "take in" their rich colors softened by an exquisite texture, wrap them about you before you can half imagine their beauty. Every fabric in our Autumn selections has within its folds possibility of a fashionable costume.

FALL WAYS OF NEW FROCKS

Loose panels nonchalantly fling all cares to the wind once it is determined that they are to drop below the skirt, an irregular hemline being the very A. B. C. of Smart Fall Frocks. And sleeves, too, are wide and flowing, set in very deep armholes. But sleeves and panels are Fall Frocks' only eccentricities. Otherwise they are most conservative affairs, straight skirts, wide bodices and one side fastenings. Coat dresses and chemise frocks dominate swagger street modes. Afternoon dresses use draperies to charming advantage.

EXQUISITE EVENING APPAREL

Evening Apparel that beautifully fits into its setting—the ball room, the opera, the formal reception, achieves dignity and majestic charm for having caught just the atmosphere, the flavor if you please, of the Spanish and Italian Renaissance—its delicate laces, rich brocades, flowing draperies and metallic trimmings. These and stunning new effects Evening Gowns have chosen for themselves.

CLEVER TOGS FOR YOUNGER FOLKS

From outfits for little men and women to the exacting wardrobe of the Junior Miss are attractive Fall Clothes which prove that designers of Children's costumes are ever as original and versatile as French modistes. Sweaters, leggings, cap and mittens of brushed llama comprise a dandy set for sturdy chaps and little girls look very quaint in frocks gayly embroidered in Hungarian peasant patterns. Many interesting things indeed to tempt you into visiting the Young Folks apparel sections.

SUITS SMARTLY TAILORED

"Back to suit" seems to be a slogan, origin unknown like many fashion fancies, that will be enjoyably followed by fashionable women again this Fall. It's such an all-around costume and this Autumn's stunning interpretations admit it to high favor in the realm of distinctive apparel. Dovetyn, velour, suede cloth and twills fashion stunning suits whose success hinges not a little on their straight silhouette, agreeably interrupted by a flare in both skirt and coat. Long unbelted coats and swinging box coats vie for favors.

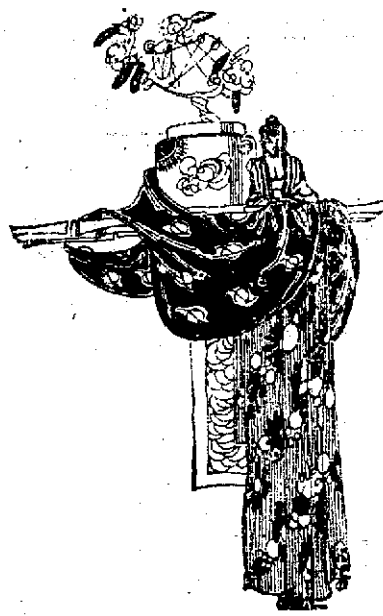

COATS OF RICH FABRICS

To say that Fall Coats are 1-2-3-4 with sub-heads A-B-C-D, would be a most dull way of relating a feature story, but the new Coats are so decidedly different and varied that tabulation must almost be resorted to, to express even their salient characteristics. Very fashionable is the silhouette with rippled skirt and fitted bodice haughtily high, colored, and another popular mode inspired by the Russian blouse has full sleeves and back and a belted front. Deep pile fabrics worked up with fur form an exquisite combination.

THE NEW FALL HATS!

Nowadays a woman seems to be judged by her ostrich sweeps—for the "sweeper" they are, the smarter she looks! This penchant for glycerined ostrich sweeps and panaches is partly due to the return of the Picture Hat of black panne or Canton crepe into the military realm of Fall Displays!

It will be an easy matter to select a becoming hat for these new arrivals are so versatile. New colorings of Fuchsia, Jasmine, Fez and Terra Cotta are exquisite. Tricorne and continentals vie with berettes and pokes for honors, and turbans, rich in metallic and Oriental fabrics, claim a large clientele.
